

Online/Blended/Web enhanced Learning

Welcome to the Learning Cafe on Blended/Online learning. In this session, we will look at your course material, discuss the potential online material you wish to present and try to match it to the appropriate web-based technologies that are available. It is not about the technology, but how the technology can be used to enhance face to face time.

Potential tools to discuss:

Webcasting - Contact north/Google+

Online Collaboration - Google docs, OneDrive (skydrive), College LMS

Voicethread

Online Content creation/Presentation – Wikis, Nearpod, Glogster, Prezi, ePortfolio

Curating – Diigo, Storify, ePortfolio, Evernote, Onenote

Social Networking - Twitter/Facebook

Web based response systems - Poll everywhere, Todaysmeet.com, Socrative 2.0

Quizzes – College LMS, Camtasia, Socrative 2.0

PC Video/Screen capture software (Free – Jing, Camstudio – Pay – Camtasia)

Tablet iPad video/screen capture - Educreations/Explain Everything/Doceri/Ink to go/Wacom Bamboo

Online Collaborative Whiteboards - Twiddla/eBeam connect
